Welcome to Karma Global , your trusted destination for comprehensive Employee State Insurance (ESI) solutions. Explore how our expertise can simplify your compliance journey and ensure the well-being of your employees.

Understanding ESI

Employee State Insurance (ESI) is a social security and health insurance scheme for employees in India. Mandated by law, it provides financial and medical benefits to eligible employees and their families.

Key Benefits of ESI

Healthcare Coverage: Access to medical facilities for employees and their dependents.

Financial Security: Monetary support during sickness, maternity, disability, or death.

Reduced Financial Liability: Employers and employees contribute a percentage, minimizing financial burdens.

Who Qualifies for ESI

This program offers an extensive range of medical, financial, and additional perks facilitated by employers. It's mandatory for any non-seasonal factory or company with more than 10 employees (in certain states, this threshold is 20 employees) and a maximum salary of Rs. 21,000/- to register with the ESIC.

As part of this scheme, employers contribute 3.25% of the total monthly salary payable to employees, while employees only contribute 0.75% of their monthly salary throughout the year. Notably, employees with a daily salary below Rs. 176/- are exempt from contributing
