• Time & Attendance

What is the service about?

Powerful time management is the successful utilization of your time that permits you to design your days so that you complete your work with less exertion and capitalize on the restricted time you have. Time management which includes Time and Attendance Management is one of the core features of any organization. Overseeing and managing employee attendance and participation deals with an organization's key activities to decrease employee nonattendances and ensures that they are reliably present to take care of their responsibilities, turning out beneficially to assist the association. A comprehensive employee attendance program can play a strategic role in keeping employees at work and lessening both medical services and employers' pay costs, consequently expanding an organization's profitability and by and large business execution. In this tech-driven world, keeping a tab of your organization's time and attendance should most definitely be carried out through a tech-enabled software tool.

At Karma Management Global Consulting Solutions Pvt Ltd., our in-house in-built automated attendance and leave management system provides accuracy to an otherwise extensive attendance and leave management system.

Tools Offered

WeProcess

WeProcess, an innovative solution for record-keeping and compliance management in India, ensures adherence to state-prescribed formats. Access registers online with a click, saving time and reducing errors by eliminating manual intervention. It includes built-in acts and rules for PAN India registers like Factory, S&E, and CLRA, making it an ideal platform for employee details mapping and regulatory compliance. WeProcess also generates challans in various formats and serves as a repository for all compliance documents.

WeChecked

WeChecked, an all-in-one GRC, with tech capabilities of AI-ML, and RPA solution, can swiftly verify 40% of uploaded documents. This tool not only enhances the efficiency of vendor workflows, saving time, but also offers a user-friendly interface for simplified document uploading. Vendors can conveniently upload documents from any remote location using a computer or laptop with their portal login ID and password.

Fulcrum

Fulcrum is a robust digital tool that consolidates all tasks and subtasks into a unified entity, both internally and externally. It can assist in scheduling meetings and facilitating communication between clients and stakeholders. With the capability to track task progress and completion across different stages, Fulcrum enables real-time successful accomplishment of diverse units, fostering customer satisfaction and smooth compliance management.

Clients Speak

We have been working with you and Karma Global, we appreciate your diligent work and punctual attitude. You are on top of the queries and help in resolving statutory compliance related issues quickly and effectively.

Thank you, for being a constant support.

Rashmi Shastry
Mphasis

I have been working with Karma Global and have found them to be very diligent and punctual. They are on top of the queries and help in resolving statutory compliance related issues quickly and effectively. I would recommend their services without a second thought.

Thank you Karma Global for being a constant support.

Rashmi Shastry
Datamatics

We have been associated with Karma Global for the past 10 years.

During this tenure they have been handling Labour law, entity Compliances, vendor Audit and other related compliance activities for our Company. They have been doing vendor audit on a monthly basis to ensure all the required compliances were met by the contractors to ensure that the entity will not have any compliance issues as a Principal Employer.

Since Karma Global is one of the well known professional firms in the industry with vast experience in all the areas, we find it very useful in resolving the issues in any of the areas. With their rapport and cordial relationship with the relevant government and local body authorities they were able to navigate and provide a quick and simple solutions without complicating the matters. They have separate teams which handles advisory, compliance and back end team to handle the client requirements. Whenever there is an amendment to any of the Act, procedures, forms, their team is always updated and they also educate the clients. The Senior Management Team including **Mr. Kishore Vaidya and Mr. Pratik Vaidya** are well respected by the relevant government department and stand out with their reputation.

Overall we are very much happy with their services in all areas during the last 10 years of association..
